

We here at Chestnut Mountain Animal hospital are looking forward to seeing you and your pet for your appointment. Below are additional instructions/recommendations to look over:

1. If your pet is due for a fecal exam, please bring in a fresh sample (about a quarter size) to be tested.
2. If your pet is due for any type of bloodwork, please make sure your pet has been fasted for at least 4-6 hours to ensure accurate results. Water is ok to have and should NOT be withheld.
3. If this is your first time visiting us, please arrive 10 minutes early to fill out all the necessary paperwork, if you have not already done so.

If you are unable to make it to your appointment, please give us a call and we will gladly reschedule to another date if needed.

Thank you and for trusting us with the care of your fur-babies
